

*Balancing our missions, our environment,
and our economy-now, and for the future*

May 2 to 4, 2006

- Increase knowledge on implementation of sustainable practices
- Better understanding of how such practices tie together and how they fit a sustainability strategy
- Update on current and planned Administration policies and initiatives
- Opportunity to network with your peers in other agencies, and from outside the Washington, DC area
- Opportunity to hear from experts and leaders, both federal and nonfederal
- Open forum to discuss issues and ideas
- Tour state of the art facility for treatment-storage-disposal at NIH
- No registration fee
- Access via Medical Center Metro Red Line
- Break out sessions
